

## **Report of Analysis of feedback regarding curriculum received from different stakeholders**

### ***Summarized Reports of the alumina:***

1. Recent requirements of the employers vary to a great extent than the syllabus designed by the Universities
2. There should be some linkage between the educational institutions and the industries through industry-institute interaction for syllabus designing
3. The universities must take into consideration the recent trends and requirements prior to deciding the course contents for the technical education

### ***Summarized Reports of the students:***

1. Contemporary technical skills/knowledge should be imparted in the institutes to meet the requirements of the industries
2. Students should be refined as per contemporary requirements to cope up with the latest industry needs
3. Syllabus should be industry friendly

### ***Summarized Reports of the Teachers:***

1. The institute is affiliated to SGBAU and follows the prescribed curriculum. Still feedback regarding curriculum is taken by the respective subject teachers regarding suggestions on improvement of the syllabus.
2. SGB Amravati University organizes workshops time to time on improvement of the syllabus if any, and then our faculty members are participating in the same to give curriculum feedback.
3. Similarly, suggestions are submitted to the BoS Committee.

### ***Actions taken:***

1. Feedbacks collected are analyzed and summarized reports pertaining to syllabus were forwarded to the University through the college representatives (Syllabus Restructuring Committee Members) involved in the syllabus framing.
2. The suggestions from the alumina were discussed at length in the Board of Studies meeting convened for framing of syllabus. Emphasis by the college representatives was given on the suggestions so as to enable the students of the region to withstand in the cut-throat competition.
3. With reference to the discussion certain amendments were made in the syllabus by the University.
