Sipna College of Engineering & Technology, Amravati

Smart India Hackathon-2025(SIH2025)
Internal Institute Level Hackathon-2025
Date: 24 September 2025
Report

Objective of Event:

The objective of the event is to encourage participants to think outside the box, come up with innovative solutions, and showcase their creativity in solving technical challenges. Provide a platform for participants to tackle real-world problems or challenges using their technical skills and knowledge. Allow participants to enhance their technical skills, learn new technologies, and gain hands-on experience in a short and Create opportunities for participants to connect with industry professionals, mentors, and other like-minded individuals, helping them expand their professional network.

Benefits of Events:

Benefits of the events in terms of innovation, skill development, networking,team building,problem solving and project management. Hackathons provide a platform for participants to brainstorm and implement innovative solutions to real-world problems. The competitive and time-constrained nature of hackathons often leads to creative thinking and out-of-the-box solutions.Participants have the opportunity to enhance their technical skills, learn new technologies, and gain hands-on experience by working on challenging projects. This practical learning can be more effective than traditional educational approaches.
