ACKNOWLEDGEMENT

The satisfaction that accompanies the successful completion of any task would be incomplete without the mention of people whose cooperation made it possible, whose constant guidance and encouragement crowned my efforts with success.

First and foremost, I would like to express my deep sense of gratitude and respect to my seminar guide, **[Name of Seminar Guide]**, Department of Civil Engineering, for their invaluable guidance, constructive suggestions, and constant motivation throughout the preparation of this seminar report. Their deep insights and patience have been a great source of inspiration for me.

I am immensely indebted to **Prof. R. V. Rothkar, Head of the Department**, Department of Civil Engineering, for providing the necessary institutional facilities and an environment conducive to learning and research.

I would also like to extend my sincere thanks to **Dr. S. M. Kherde, Principal**, Sipna College of Engineering & Technology, Amravati for their administrative support and for encouraging academic excellence.

I express my gratitude to all the faculty and staff members of the Civil Engineering department for their direct and indirect support, technical assistance, and valuable feedback during my seminar presentations.

Last but not least, I am thankful to my family for their unconditional love and moral support, and to my peers and friends who stood by me and helped me with constructive criticism and discussions during the compilation of this work.
